

Outdoor Events

Over 240 acres of stunning outside space and numerous indoor spaces make the Showground the perfect venue for everything from concerts and car rallies to festivals and sports events. With a site boasting vast open spaces, beautiful woodland, a lake, show rings and a selection of adaptable buildings there are no end to the possibilities!

Festivals & Concerts

Did you know that Glastonbury Festival was inspired by the Bath Festival of Blues & Progressive Music which took place at the Showground in 1970?

The Bath & West Showground has a proud musical pedigree having hosted the likes of Led Zeppelin, Pink Floyd and Dire Straits, while more recent times have seen the likes of Westfest and the National Action Sports Show (NASS) call the Showground home.

A menu of indoor and outdoor spaces means that the Showground can cater for smaller concerts for hundreds and festivals for hundreds of thousands.

Sports Events

A rich vein of sport runs through the Bath & West Showground; from world class boxing and World Championship BMXing, to track events and sports for the disabled.

The versatility of the Showground makes it a fantastic home to a wide range of sports events and competitions; over five miles of permanent

roads offer an ideal running or cycling track, the pavilions and exhibition halls are excellent environments for boxing matches, darts fixtures and extreme sports events, whilst the Sports for the Disabled facilities have hosted competitions in basketball, tennis, table tennis, field, skittles, slalom and shooting.

Xtreme Offroad 4x4

The Showground is home to the most challenging Off-Road Course in the South West! Xtreme Offroad's highly experienced and friendly staff will ensure that you enjoy a safe, exciting and challenging day whether it be driving a fully

roll caged Land Rover 4x4 competition truck around a seemingly impossible special stage or the adrenaline rush of sliding sideways off road in a two-seater dune buggy or maybe getting in touch with your hunting instincts with some alternative sports.

Whatever your driving experience, you'll take your skills to a new level and enjoy an exciting adrenaline-filled day that you won't forget.
